

# *Prayer for a Friend*

*Dear God,*

My friend is suffering, and I feel powerless to help!

I don't understand why his doctors can't seem to stabilize him.

Grant them the wisdom to discern what must be done

for him to heal and the skill to do it.

Grant him a return to health!

Ease his pain, comfort his loved ones

And bring hope to those who

continue to hold him in Your light!

*Amen.*
